

# PHENOM 100

The Phenom 100 is an impressive performing light jet developed by Brazilian aircraft manufacturer Embraer. Seating up to 6 passengers and featuring the tallest and widest cabin section in its class, along with an aft conventional lavatory with a solid door, the Phenom 100 offers passengers unprecedented spaciousness for the light jet category.

The Phenom 100 will get you to your destination quicker and more comfortably than any other jet in its class.
